Video Improvements Take Quantum Leap

Our video equipment lineup is getting a facelift. Since mid-December we have been selling off a large portion of our old analog video gear in order to replace it with used, modern, digital equipment. After a bargain acquisition this past week, (thanks to the sale of our older equipment) we will now be using all the same high quality digital cameras for Sabbath DVDs, Webcasts, and cable TV programming. Only after completing extensive research and comparisons do we ever purchase used equipment - most of the time for just pennies

on the dollar. Pictured above are Brothers Nathan Seifert and Wilson Mwangi behind the new Sony digital studio camera.

Once we can complete and move into at least a part of our new general-purpose building, we hope to produce enlightening video studies on a variety of subjects. This has been a goal for many years, but we have been hamstrung by a lack of facilities to make professional teaching programs. (Our present TV programs are recorded in the front end of a borrowed tractor shed or we have to spend hours breaking down and setting up on stage of our meeting hall for the Q&A programs.) Many prefer watching a video study to reading instructional material, while others will find it useful to augment a written study with a video program on the subject. Our long-term goal is to produce documentary-style, in-depth DVDs on various biblical topics in our very own multi-set studio. We feel led to fill this needed void in these latter days. As the internet and video become more integrated this will be more important in the years to come. All of which means we need to start making strides once again on our new building construction. At this point we have a large empty metal building just waiting for concrete, interior framing and electric. If you believe this is a worthy goal, why not participate in our building fund? We would like to at least have a working studio in the new building by the end of this summer. Any donation is welcomed and every penny will be stretched as far as we can to make this happen! We Will Soon Be on the Air Again with CTN Network

Many will remember that we had a year's contract for 30-minute TV telecasts on the Christian Television Network. A lack of funds forced us to discontinue this airing after the conclusion of the contract, even after they offered us greatly reduced rates once we made the decision to quit. Good news: We have renegotiated one-minute advertising spots with this network, which will give us a widespread presence again in Missouri and northern Arkansas.

Jerusalem

How is the Holy City of Jerusalem called by Yahweh's Name, as revealed in Jer. 25:29 and Dan. 9:18-19?

- A) Jerusalem actually means "Yah's Peace"
- B) Those prophets mention the city only rhetorically
- C) The city has many names, just like the Almighty
- D) The city has many names, some of which contain the Sacred Name

Though the holy city is commonly called "Jerusalem" (meaning City of Peace), it has had many names applied to it, some of which contain the Holy Name. The earliest reference to Jerusalem is in Gen. 14:18, where it is called Salem, or Shalom, meaning "Peace." Later, Abraham called it Yahweh-Yireh (Gen. 22:14), meaning "Yahweh sees." That location is also known as Moriah, meaning, "Seen of Yah" (Gen. 22:2, 2Chr. 3:1), and in the future will be called Yahweh-Tzedkenu, "Yahweh our Righteousness" (Jer 33:16). Answer: (D).
