Phase of Study Bible Almost Finished

We are nearing completion of the first phase of our new Study Bible. This first phase will include the restoration of all Sacred names/titles, Strong's numbering within the text, Strong's dictionary, Old Testament quotations in bold, and Yahshua's words in red. The second phase, which is scheduled to begin in March of this year, will include commentary and definitions on the most problematic passages. In addition, we will also be including character profiles and selected charts to enhance your study of Scripture.

Our goal is to have the Study Bible available online in the next few months, minus the commentary which will take much of this coming year. At this time, brethren will have the opportunity to begin exploring this unique Study Bible. Once the second phase is complete and ample time has begun given for review, we have plans for publication. If you would like to help contribute towards this exciting work, we will be establishing a fund in the near future specifically for the publication of this Bible.

While there are several great Sacred Name Bibles available in print today for reading, this Bible will be exclusive with the many study references that will advance the learning of both the novice and veteran alike. It is our prayer that this endeavor will be a blessing for countless believers seeking to receive a greater understanding of Yahweh's Word.

This work has been made possible only through the gifts and abilities of many YRM brothers who are eager to see Yahweh's work done.

YRM Web Page Continues upgrades

Watch for future enhancements to our home page, YRM.org. Our latest endeavor is to make the top banner graphic to show various shots of the brethren and highlight other key aspects of the ministry. This will give the website a new look with every visit. We hope to have this feature up and running soon, as we complete the programming necessary.

New Moon Should Be Seen Sunday or Monday

Watch for the new moon sighting Sunday night, Feb. 14, and report to us if you see it to the [New Moon Network website](#). It may, however, be seen the following evening as footnoted on the [calendar](#) as it will be moderately difficult to witness even in good weather. Skies in Missouri have been cloudy for many days. Lumination will be less than 1% and only 8 degrees high at sunset.

We predict that the green barley ears will be ready by mid-March in Israel, and we have projected the biblical calendar based on that projection for the year. Should the barley not be seen then, the

entire calendar will be delayed one month.

Be sure to visit the new YRM facebook page and become a fan. This will be a unique window into the work being done here in Holts Summit, MO. We will continue to post new pictures and videos from YRM Holts Summit that are only available to those fans on YRM facebook. This unique outlet gives you YRMers (as some have called themselves) an online network to share your "walk" experiences. [Become a YRM facebook fan today!](#)

TEST YOUR TUTELAGE

Did Yahweh Make a Faulty First Covenant?

From Hebrews 8:7, the first covenant was faulty. Why did Yahweh make a "faulty" covenant?

- A. He decided He made a mistake to include the law so He made a change in the New Covenant.
- B. He should not have included the sacrifices, and fixed the problem in the second Covenant.
- C. Covenants are valid for only 2,000 years in Scripture.
- D. The fault lay with man's desire not to be obedient and keep the Covenant.

The passage reads (Heb 8:7), "For if that first covenant had been faultless, then should no place have been sought for the second," verse 8. "For finding fault with them [man], he saith, Behold, the days come, saith Yahweh, when I will make a new covenant with the house of Israel and with the house of Judah," verse 9. "Not according to the covenant that I made with their fathers in the day when I took them by the hand to lead them out of the land of Egypt; because they continued not in my covenant, and I regarded them not, saith Yahweh." Answer: D.

Yahweh bless,
