

YRM e-News 3-12-10

Abib Barley Is Found

The Biblical month of Abib should begin either Tuesday or Wednesday night of this week, contingent on the spotting of the new moon. We received word that the Abib barley was found in two fields in Israel today. Now all that is left is to confirm the projected new moon and our calendar will be verified. There was a slight possibility that the barley would not be seen until next month, which would have set back a month all Feasts this year. Israel has been under drought conditions, just as the U.S. is coming out of one of the most trying winters in recent memory, but the wild weather did not stop the wild barley from maturing. HalleluYah! BE SURE to watch for the new year new moon this Tuesday evening, and if not confirmed, look again Wednesday night about 15 minutes after sunset. Report it to us when you see it at <http://www.yrm.org/newmoon.htm> or call 573-896-9248 and leave a message if no one is there to answer. The moon Tuesday will be 2 degrees from the setting sun and 12 degrees in altitude at sunset.

March-April Newsletter in Mail

YRM volunteers worked extra diligently this Wednesday to get your newsletter ready for the mail. It was delivered to the Post Office yesterday and should arrive at your home before a couple of weeks, and we pray in time for Passover/Feast of Unleavened Bread. We have uploaded the issue in our on-line archives as well. It has important information about the Passover, and what to remove from your home in the way of leavening. It would be wise to use up those products now so that you will not waste them. The mailing included a brand new booklet on Easter called, Celebrating Easter, The Fertility of It All. It shows the pagan origins and errors of this popular Passover substitute. We pray that you are preparing spiritually for the Passover so that you will not take it unworthily, 1Corinthians 11:27 and 29. No "uncircumcized person" was to partake of the Passover Memorial, and that means today that all who do so must be immersed into Yahshua's Name.

New Features on YRM Website

[YRM.org](http://www.yrm.org) continues to improve and expand. We have added Naves Topical Bible to the Bible Studies Resources section, a new television program and a redesigned booklet on Yahweh's Perfect Law. In a continuing effort to improve the quality and effectiveness of our booklets, we have also been redesigning our black-and-white booklet covers to full-color graphics. The cost is more, of course, but we pray that the enhancements will pay off in greater effectiveness.

TEST YOUR TUTELAGE

What controversial office was ultimately upheld in New Covenant ministry?

- A) Pharisee
- B) Rabbi

- C) Scribe
- D) Sadducee

Pharisees represented only a particular sect within Judaism. As long as they taught the law, Jews were expected to obey them. But no Pharisee is described as having ministerial duty in New Covenant government. The Sadducees were likewise a sect, but their members would find the doctrine of resurrection offensive and thus they would avoid us. Yahshua declared himself to be our only rabbi (meaning, "my great one"), thus eliminating that job for all other applicants. Scribes appeared in various places in the Old Testament. Though the "Scribes" played a role in harassing Yahshua, that ancient office is upheld for New Covenant Ministry, as prophesied by Yahshua. Publishing houses like YRM serve that role, and it may someday come at a great cost. Matthew 23:34 reads, "Wherefore, behold, I send unto you prophets, and wise men, and scribes: and some of them ye shall kill and impale; and some of them shall you scourge in your synagogues, and persecute them from city to city." Answer: (C)
